

# RAIL BODY OUTLAWS SHOP CRAFTS

## OLSNES AND POINDEXTER ARE VICTORS

Most League Candidates in Republican Primary Appear to be Defeated

### NESTOS LEAD HOLDS UP

Majority Will Be 12,000 or More and Will Carry Almost All of Ticket

**PROBABLE REPUBLICAN TICKET**  
Governor—R. A. Nestos.  
Lieut. Gov.—Frank Hyland.  
Sec. State—Thomas Hall.  
Auditor—D. C. Poindexter.  
Treasurer—John Steen.  
Insurance Com.—S. A. Olsness.  
Com. Ag. and Labor—J. A. Kitchen.  
Atty. Gen.—Geo. Shafer.  
Railroad Com.—Undetermined.  
Nonpartisans appear to have advantage.

The nomination of D. C. Poindexter for auditor and S. A. Olsness for commissioner of insurance on the Republican ticket was definitely indicated this afternoon in compilations from two-thirds of the voting precincts of the state. Nonpartisans and Independents in Fargo agreed that these two Nonpartisans had won out and figures compiled in Bismarck indicated the same.

The Nonpartisan candidates held the advantage for the railroad commissionerships this afternoon on the basis of districts still to be reported. The race for lieutenant-governor will be close with chances favoring Hyland, Independent candidate.

The nomination of Secretary of State Hall, Commissioner of Agriculture and Labor Joseph A. Kitchen and George Shafer for attorney general appeared established on the basis of returns on hand.

The supreme court race result was not yet established although compilations had been made for two-thirds of the precincts. The nomination of Judge Englert, Seth Richardson and Attorney General Johnson was certain with Judge Birdzell also apparently winning and the two places divided between Judge Nuesse, Judge Burr and W. H. Stutsman.

J. F. T. O'Connor was nominated by the Democrats. The race between Dr. Platon and Charles Simon for the Democratic nomination for governor was undecided.

**Lieutenant-Governor Close**  
It was felt this afternoon that there was no question about Poindexter and Olsness unless expectations were overturned, based on the previously reported vote on Governor and Senator, the Nonpartisans would win the railroad commissionership. The race for lieutenant-governor also developed into a close one and Hyland, if he wins, probably will not have more than a 2,000 lead. The league leaders claimed control of the house and senate but these claims did not appear supported from returns. The house and senate both will be close next winter, however, unless there are overturns in the fall.

For senator, with 2,005 precincts reported former Governor Frazier had a lead of about 6,500 over Senator McCumber.

**Supreme Court Close**  
The vote on supreme court judges, for 1212 precincts, is not held indicative of the final result because the strength of some of the candidates in certain districts will largely influence the final result. With 1212 precincts the vote stood:

Supreme court 1212 precincts:	
Brudell	35,028
Bohne	8,108
Burr	20,486
Englert	24,738
Johnson	31,017
Nuesse	47,015
Richardson	26,826
Stutsman	32,965
Robinson	18,092
Stutsman	23,781
Wright	16,212
Field of Instructions 1143 precincts:	
Minnie J. Nielson	60,734
Miss Fulton	40,326

**Race For State Offices**  
Figures for state offices from 1474 out of 2134 precincts follow:

Lieutenant-Governor	
Hyland	68,113
McCumber	60,445

Secretary of State	
Hall	75,892
Anderson	62,224
Kooker	3,067

(Continued on page 3)

## ONE HUNDRED AND FORTY-SIX YEARS YOUNG TOMORROW

## CAR PLUNGES THROUGH OPEN DRAWBRIDGE

Four Men Are Drowned as Car Sinks in 25 Feet of Water—5th Escapes

### TO MAKE INVESTIGATION

(By the Associated Press)  
Duluth, Minn., July 3.—Authorities today began an investigation in an effort to establish blame for the death of four men who drowned in a Superior Bay slip early yesterday when their car plunged through an open drawbridge and sank in 25 feet of water.

Charles Wright 28, the fifth member of the party, broke a glass door of the enclosed car and swam 60 feet to shore.

John R. Curry 22, and George Cleary, 25, also battered their way out of the car and reached the shore, but drowned within 10 feet of the bridge base while Henry Peterson, the bridge tender, tried to rescue them by making a rope of his clothing.

The bodies of John P. Furrie, 29, and Archie Mackenzie, 24, who occupied the front seat were found at the bottom of the slip, after the car had been removed, but it is believed the men drowned in the car, their bodies falling out as the car was pulled to the surface. All of the victims lived in Duluth.

Satisfied that the blame for the drowning of four men in a Superior Bay slip early yesterday lay with the driver of the automobile, which plunged through an open draw bridge into 25 feet of water, authorities announced today there would be no further investigation of the tragedy.

The driver, Archie Mackenzie, was trapped in the car and drowned with three companions.

## LET'S HAVE A SANE FOURTH

Less Deaths and Accidents Will Be the Result

New York, July 3.—A plea for a safe celebration of Independence Day has been made by the Safety Institute of America, which at the same time issues the warning that if greater care is not taken this year than in the past, approximately 130 persons will be killed and 3,000 others injured in fireworks accidents throughout the United States on the Fourth of July.

"The total of persons killed in these were inaugurated is greater than the number of men killed on the American side in the Revolutionary War," says the statement of the Institute. "During the past 14 years alone 1,832 persons were killed and 42,089 injured as a result of Fourth of July accidents from fireworks and fireworks, and these do not include drownings or automobile accidents."

When a fire occurs in a child's house or occupant of the house is injured, it is immediately arrested and made to prove that he is not guilty of having set or instigated the fire.

## TRIBUNE WON'T PUBLISH ON JULY 4TH

The Bismarck Tribune will not be issued on Tuesday, July 4, the newspaper joining in the general holiday and giving its employees an opportunity to enjoy the day.

## SIX KILLED IN RY. WRECK

### Camden-Atlantic City Express Rolls Down Embankment

(By the Associated Press)  
Atlantic City, N. J., July 3.—At least six persons were killed and about 75 others injured, half of them seriously, early today when a Camden-Atlantic City express left the rails at Winslow Junction, 37 miles from here, and rolled down an embankment. The actual number of dead will not be known until the wreckage is thoroughly searched.

**Injured Taken to Hospital**  
Most of the injured were brought to a hospital here. A check up showed the dead and injured resided in Atlantic City, other south Jersey towns or Philadelphia.

The wreck occurred at the point where trains for all seashore points south of Atlantic City turn to the south at the junction.

Reports were that a switch had been set for a Cape May bound train, but for some reason the express from Camden came along first.

The train left Camden at 11:40 last night and carried five day coaches and a parlor car. It carried 89 passengers. The express was running at high speed when it reached the curve and its momentum caused it to leave the rails, turn over on its left side and fall down the embankment.

An electric light pole was snapped off by the wreckage and turned the scene into darkness. The uninjured worked valiantly to extricate the injured.

A heavy thunder storm hampered the rescue work but when relief trains arrived from Camden and Atlantic City the work of rescue was well in hand.

## NOTED AUTO RACERS AT STATE FAIR

(By the Associated Press)  
Largo, N. D., July 3.—Several well known auto race drivers from the west and midwest are included in a list of eight entries for the races at the state fair here July 17-22, according to announcement. The list includes: Bob Robinson, Los Angeles, with a 300 horsepower car; Ernie Fossnaugh, Huron, South Dakota; Dick Seip, Des Moines, Iowa.

An international silk testing house has been established at Shanghai, China, to receive and issue certificate for a limited amount of raw silk.

If all the progeny of one spider lived and multiplied, and so on, through six generations, the heap of shells would be eight times the size of the earth.

## DEADLOCK IS REACHED IN COAL CONFAB

Unable to Agree on Basis for Conference, Adjournment Is Taken

(By the Associated Press)  
Washington, July 3.—Deadlocked over a basis of negotiating a settlement of the bituminous coal strike, the conference of operators and United Mine Workers officials accepted the suggestion of government representatives today and adjourned until next Monday.

When the adjournment was taken at 1:10 p. m. after two joint sessions and an intermediate separate session of operators and miners, Secretary of Labor Davis, one of the government representatives, said that no agreement had been reached, no committee to continue the discussions in the meantime appointed and no specific program for the future discussed, although many different plans had been proposed.

As to the indications for a successful ultimate outcome of the conference which assembled Saturday at the behest of President Harding, Mr. Davis said with the agreement of Secretary Hoover, the other government representative, "that as long as we hold them together there is hope."

The government so far as could be learned did not present any proposition as to a basis for the ending of the strike, which has been in progress since April 1, but there was a belief in some quarters that when the conference re-assembles Monday President Harding, who then will have returned from his Ohio trip will lay a government proposal before the conferees.

## JUNE RAINS JUST RIGHT

Distribution Good and Amount Nearly 3 In. Above Last Year

Nearly three inches more of rain in June this year than during the same month last year has helped to put crops in this section in the best condition for years.

The monthly meteorological summary of the weather bureau shows 3.24 inches of rainfall during the month as compared to 0.92 for the month of June last year. There is still a deficiency of 0.30 inches from the normal rainfall since January 1, but the distribution of the rain was just as it should be.

The percentage of sunshine for the month of June was 7 per cent above normal. The highest temperatures were 95 above and the lowest was 44 above zero. The greatest daily range was 37 degrees while the lowest daily range was 7 degrees.

**JEALOUSY CAUSE OF SHOOTING**  
(By the Associated Press)  
Minneapolis, July 3.—Frank Sullivan, 25, shot Phoebe Baker, 30 years old in the left shoulder and then killed himself at a rooming house here.

Miss Baker was rushed to the hospital where her condition was said to be serious. Jealousy was given as the cause of Sullivan's act. He had been employed at the Great Western railroad shops.

## FINAL ASSAULT ON IRREGULARS IS UNDER WAY

Free State Forces Open Attack on Republicans in Sackville Street, Dublin

### 11 KILLED SUNDAY

Casualties in Sunday's Fighting Also Included 16 Wounded

Dublin, July 3.—The battle in the Sackville street area is still raging at this hour. The insurgents are responding vigorously to the machine gun bombardment.

(By the Associated Press)  
Dublin, July 3.—The final assault on the positions held by the Republicans in Sackville street was begun at 9 o'clock this morning and was still continuing nearly an hour later when this dispatch was filed.

The other areas held by the insurgents in various parts of this city were occupied by Free State forces during the night.

Heavy fighting was going on in Sackville street, which was swept by machine gun fire. The return fire of the insurgents was feeble.

The machine guns were maintaining a devastating fire against the front of the buildings, particularly pressing the attack on Haman's Hotel where Eamon De Valera was believed to be holding out following his flight from the Gresham Hotel.

## ADOPT "HANDS OFF" POLICY

New York, July 3.—Asserting that "nobody will starve and nobody will freeze," even though the strike of shop crafts unions should continue to October, the season of heaviest traffic, officials of the American Association of Railway Executives, today announced they would maintain a "hands off" policy leaving each road to extricate itself from the strike.

## MAINTENANCE OF WAY MEN'S VOTE COUNTED

Whether They Go on Strike Depends Upon Result of Vote, Say Heads

(By the Associated Press)  
Chicago, July 3.—Timothy Healy, president of the stationary firemen and oilers, today dispatched telegrams to 150 of his local unions telling them the men have "a perfect right to strike now," if they so desire.

The messages were sent in answer to inquiries asking authority to join the striking railway shopmen and reports to Mr. Healy today said that about half of the firemen and oilers had already quit work.

(By the Associated Press)  
Detroit, Mich., July 3.—Whether the nation-wide railroad strike would spread to the maintenance of way workers, numbering some 450,000 depended today upon the canvass of a strike vote begun by grand lodge officers of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers. Checking of the vote began at brotherhood headquarters here this morning.

E. G. Grable, grand president of the brotherhood announced that if a majority of two thirds to three fourths of the vote is found to favor a strike, the men will be ordered out.

Mr. Grable declared that although 250,000 of the 450,000 maintenance of way men employed on the American rail lines are affiliated with the brotherhood, the 170,000 non-union workers have been given opportunity to vote and their wish, as expressed by the ballots being canvassed today will be considered with those of the brotherhood members.

**Strike Order Withheld**  
A strike order was withheld Saturday by President Grable following a hearing before the labor board in Chicago. At that time the brotherhood head declared certain concessions had been given and all workers were urged to remain at work pending a meeting of the grand lodge officers. Reports received here indicate that approximately 25,000 maintenance of way men already have gone out. If these reports are correct, Grable declared, their action was due to two reasons:

First, because of a misunderstanding, and secondly, because they are in sympathy with the shop craft workers.

**Strike Order Prepared**  
Strike orders have been prepared at the brotherhood headquarters to 2,700 local unions throughout the country, should the canvass of the vote today show the majority considered necessary by President Grable, the messages will be dispatched immediately calling out every member of the organization, except those necessary for public safety.

## FORMAL RESOLUTION DECLARES UNION MEN FORFEITED RIGHTS; RAILROADS SEE NON-UNION MEN

Labor Board Holds that New Organizations of Shop Men Should Be Formed to Represent Shop Employees in Disputes Before the Board—Whether Maintenance of Way Men Will Join Awaited as Next Big Development in Strike—Fight Is Reported at Perry, Iowa, when men Are Brought in

Chicago, July 3.—(By the Associated Press)—The six railway shop crafts unions which went on strike Saturday were outlawed by the United States railroad labor board today.

In a formal resolution, the board declared that the unions, by their action, forfeited all rights before the board as railway employees and that new organizations of shop men taking the striking men's jobs should be formed to represent the shop employees in disputes before the board.

Sporadic walkouts of stationary firemen and oilers, clerks and maintenance of way men to join the striking railway shopmen marked the day's developments in which all strikers on the country's railroads were formally banned from federal recognition by the United States railroad labor board.

**Actual Figures Lacking**  
Actual figures were yet largely lacking, but the general walkout of last Saturday was said to be strengthened today with the addition of the supporting groups of strikers. B. M. Jewell, head of the shop crafts unions, reiterated the statement that his men were 100 per cent out. E. F. Grable, of the maintenance of way union, said their strike vote was strongly in favor of joining the striking shop workers, and Timothy Healey, president of the firemen and oilers, announced he had told his men they had "a perfect right" to strike now without awaiting the formal call.

The railroads reported their trains running on schedule. At several points new men were being hired and Chicago rail executives met to determine whether they will hire new men to operate their shops or send their repair work to outside shops.

## 20 LABORERS ARE ATTACKED

Men Brought in for Strike Work Are Stoned

(By the Associated Press)  
Perry, Ia., July 3.—Twenty laborers brought here from Chicago, presumably to work in the Chicago, Milwaukee and St. Paul local shops, were stoned and chased out of town here Saturday night, by a band of strike sympathizers.

There were numerous fist fights between the Chicago laborers and local strike sympathizers. Several of the laborers were injured. Windows in the passenger coach in which the men arrived were broken.

The sheriff and several deputies and local police officers were on hand when the train arrived and made efforts to maintain order, but were outnumbered.

**ADVERTISE FOR MEN**  
(By the Associated Press)  
Chicago, July 3.—The New York Central today advertised in newspapers for men to replace shopmen who went out on the strike Saturday.

**TRAINMEN WOULD QUIT**  
Chicago, July 3.—Trainmen of the Chicago, North Shore and Milwaukee Electric Railway voted last night, 492 to 7 to walk out at midnight to night unless the management grant immediate five per cent increase to the present wage scale of 73 cents an hour.

**SIX MEN RETURN**  
St. Louis, Mo., July 3.—Local officials of the Pennsylvania today announced that six of the 165 Pennsylvania shopmen who went on strike here Saturday returned to work today and that they understood the strikers were returning in groups of ten and fifteen all over the system. The Pennsylvania has settled the wage question with its shopmen it was added.

## SOUTHWEST N. D. CROPS FINE

F. E. Diehl Says They Look Better than for Years

Crops in southwestern North Dakota are in as good if not better condition than crops in this section, F. E. Diehl, manager of the Home Building Association, said yesterday upon his return from Bowman county. They are perhaps a week later, he said, and it will be probably three weeks before they are entirely out of danger.

Winter rye, corn and wheat all look better in that section than they have for years, he said. Hot winds are not feared because of the moisture in the ground and danger of rust is diminishing rapidly. One good rain after July 1 ought to make the crop, Mr. Diehl said.

There has been some hail in small sections of the southwestern part of the state, Mr. Diehl added, although the damage has not been excessive.

## JEALOUSY CAUSE OF SHOOTING

Minneapolis, July 3.—Frank Sullivan, 25, shot Phoebe Baker, 30 years old in the left shoulder and then killed himself at a rooming house here.

## BANDITS LOCK CLERK IN THE REFRIGERATOR

(By the Associated Press)  
Minneapolis, Minn., July 3.—Two unmasked unarmored bandits entered the Home Meat Market here today, locked a clerk in the refrigerator and escaped with \$900 which they took from the cash drawer.

## LET'S HAVE A SANE FOURTH

Less Deaths and Accidents Will Be the Result

New York, July 3.—A plea for a safe celebration of Independence Day has been made by the Safety Institute of America, which at the same time issues the warning that if greater care is not taken this year than in the past, approximately 130 persons will be killed and 3,000 others injured in fireworks accidents throughout the United States on the Fourth of July.

"The total of persons killed in these were inaugurated is greater than the number of men killed on the American side in the Revolutionary War," says the statement of the Institute. "During the past 14 years alone 1,832 persons were killed and 42,089 injured as a result of Fourth of July accidents from fireworks and fireworks, and these do not include drownings or automobile accidents."

When a fire occurs in a child's house or occupant of the house is injured, it is immediately arrested and made to prove that he is not guilty of having set or instigated the fire.

## POTENTIAL CRISIS GREAT

(By the Associated Press)  
Chicago, July 3.—Railway strike interest which centered over the week-end on the shopmen's walkout Saturday, today turned to developments dependent upon the canvass at Detroit of the strike vote of 400,000 maintenance of way employees and action by their union officials.

A potential railroad crisis far more acute than any foreseen threat to traffic by a strike of shop crafts alone, hinged on the course taken by the maintenance of way men.

A strike by maintenance employees would double the number of railway strikers and more than double the effectiveness of the suspension.

Should the clerks, freight handlers and signal men join the walkout the total number of railway employees called off their jobs would aggregate approximately 1,200,000.

Edward F. Grable, president of the maintenance employees who returned to Detroit after conferences with officials of other unions, kept his promise to the railroad labor board to hold strike orders in abeyance until today at least although the vote of his union was reported to be overwhelmingly in favor of a strike.

**Grable Holds Key**  
The key to the strike situation was apparently held by President Grable upon whom hopes were largely banked for averting further walkouts. Claims upon the completeness and effectiveness of the shopmen's strike differed, according to the sources. Union officials asserted that the walkout was virtually 100 per cent and would seriously hamper railroad operations. Railway executives on the other hand tentatively fixed 90 per cent as the maximum number of strikers among the 401,000 men in the shop crafts, and declared that over the week-end it had been impossible to check up and determine the number of men who responded to the strike order.

In some rail centers plans were in preparation for replacing strikers with workers under open shop arrangements and railroad officials contended that the walkout from the shops would not seriously interfere with transportation.

**Traffic Is Heavy**  
Passenger traffic since the strike began is reported by the roads to have been exceptionally heavy owing to pre-holiday travel, tourists and vacationists.

The third day of the shopmen's strike arrived with few reports of disorders. In Chicago, special details of police guarded against possible outbreaks in railroad shop districts. The railroads view the strike as a deft to the federal government rather than a transportation war against the carriers, as it came to protect against decisions by the railroad labor board.

The labor board, which failed in its efforts to forestall the walkout in a week, merely marked time pending further developments.

## TAKE STRIKE VOTE

(By the Associated Press)  
Chicago, July 3.—Sailors, cooks and stewards, and firemen, oilers and water tenders on all boats of the lake carriers association, operating on the Great Lakes today began taking a strike vote.

The vote will be counted July 21 at the office of the marine cocks and stewards and marine firemen, oilers and water tenders unions at Buffalo.

Four hundred and fifty bulk cargo carriers engaged in the iron ore, grain and coal trades and three passenger boats, the Tinnesta, Otora and Junastia of Buffalo are affected by the strike vote.

About 11,250 members of the three (Continued on Page 7)

BURKHOLDER LUMBER CO. FILES SUIT

Claims Profits Upon Its Sales to the Home Builders' Association

SUES FOR \$74,642.12

Lumber dealers of North Dakota, who are this year reporting to the State Tax Commissioner the amount of their losses upon the transaction of business in the state for the year 1921 are expected to show interest in the suit of the Burkholder Lumber company, with its claims for profits upon the sale of lumber to the Home Builders' Association. Suit for \$74,642.12 was filed some time ago, the Minneapolis association alleging that it had not received payment for a small amount of lumber delivered, and claiming the rest of the total as their profit, if the Home Builders' Association had consummated its contract.

Among some of the profits they failed to receive, the company lists: 751,250 feet of lumber at \$12.00 per thousand... \$9,015.07 5,000,000 feet of lumber at \$7.00 per thousand... 35,000.00 4,000,000 shingles at \$2.00 per thousand... 2,400.00 2,575,800 lath at \$2.00 per thousand... 2,500.00 20 carloads of cement at \$125.00 per car... 2,500.00 The other items are lump sums written after them, while an additional item of \$15,000 is added in one place as "damages."

Mr. E. F. Diehl, present manager of the Home Builders' Association, in preparing the matter for the members of the association's general staff who will represent North Dakota when the case comes to trial has found that the lumber on which the company is asking a profit of \$12,000 a thousand was at a contract price of \$60.00 to \$60.00 a thousand and that the then time purchasing agent, who is not now a resident of the state, was contracting for other lumber of similar grades at the same time. He is preparing copies of all contracts of a similar nature at or near the same time to show the relative prices paid by the home builders' association.

It is also the plan of the state to place a number of North Dakota's lumber dealers on the stand, with subpoena to bring their books, to show the actual sale price of similar lumber at the time the contracts upon which suit is brought were signed.

MANDAN NEWS COUNTY VOTE IS COMPLETE

When complete returns for Morton county were tabulated Saturday, it was found that they did not differ materially from the estimates made Friday.

The complete vote for the county is as follows: Senator: McHarg 126, Frazier 248, McCumber 2160. Congress: McClellan 2044, Sinclair 2007. Governor: Stegner 231, Baker 2, 204; Nestos 2116. Lieutenant Governor: Bowman 2184, Hyland 2376. Secretary of State: Hall 2581, Aaker 1979, Kooker 189. State Auditor: Johnson 2296, Poindestor 2305. Commissioner of Insurance: Carpenter 2139, Olness 2340. Commissioner of Agriculture: Kitchen 2345, Seramgard 216, Church 1971. Railroad Commissioners: Knox 1, 775, McDonnell 2635, McKinnon 1, 645, Nuevele 1615, Richardson 1801. State Superintendent: Nielson 2, 826, Fulton 1599. Sheriff: Brady 3304, Strain 1431. Auditor: Lee Nichols, no opposition. Treasurer: Ellison 2962, Schallern 1560. Superintendent of Schools: Jensen 2779, Jones 1651. Clerk of Court: Elmer Carter, no opposition. State Senator: Martin 2393, Maes 221. Representative: Geck 1927, Bolinger 2371, Knutson 2140, Shortridge 2132, Elmer 2310, Helbing 2164. Register of Deeds: McGillicie 2020, Ringham 1622, Dechant 967. State's Attorney: Connolly 2202, Kelsch 1012, Crum 1510. County Judge: Shaw 2815, Krause 1817. Surveyor: E. R. Griffin and Coroner, John Kennelly, no opposition. County Commissioners: District A, Stevenson 250, Pulley 129, O'Neill 303, Tobin 107, Snelare 66. District B, Schaus 243, Smith 153, Nickel 555. District C, Foland 255, Moos 68, Wolf 128, Poole 261, Zietlow 65.

BE SAFE AND SANE IF YOU CAN, AND IF YOU CAN'T, AT LEAST BE CAREFUL

In careful, expert hands fireworks are all very well. Inexpert hands want to be mighty, mighty careful. Children can't be expected to be expert. Only too often they're not careful. It's dangerous to trust them with explosives. Yet it's not to be denied, truthfully, that there's no Fourth of July sport from the small boy's standpoint, to compare with burning gunpowder.

So if the younger members of the family absolutely won't be satisfied with anything but the old-fashioned unsafe and insane sort of an Independence Day celebration and if your town hasn't outlawed it, before letting them take their lives and eyesight and various members into their hands to jeopardize, impress on your boys' and girls' minds as many "don'ts" as possible—after which, put your trust in Providence.

There are no positive instructions to be given in connection with this kind of amusement. They're all negative. Firstly, don't celebrate with a pistol. It's always dangerous, even with blank cartridges. Besides, there's a law against it everywhere. Secondly, don't light a giant firecracker, for instance, and then continue to hold onto it. The small boy may do it once or twice or half a dozen times and get away with it, but sooner or later he'll be provided with a crippled hand, as a souvenir of the occasion. Thirdly, don't fire off a mine or some such thing just back of another person for the purpose of frightening the latter—or, for that matter—for any other purpose. And don't let any body do it to you either—not without giving him good cause to remember it. Fourthly, don't throw a firecracker or other explosive at another. No permit it to be thrown at you. Likewise don't allow it to be done to your little boy or girl. Many frightful burning mishaps have occurred in this way. The father who sees one of his children being endangered thus will be fully justified, morally at any rate, if he administers justice, without in reason, right on the spot, upon seeing it, but it may be arrested for doing it, but it will be worth whatever it costs him.

Fifthly, after a firecracker or Roman candle has once been lighted, man candle has once been lighted, take it for granted that that particular explosive is no longer safe to be handled. Examining a supposed "dud" to see why it didn't go off, is one of the finest ways ever yet experimentally with, in order to be permanently blinded. And sixthly and lastly, when the day is about done, eventide has fallen—and the time has come for shooting off rockets and pinwheels and various varieties of set pieces, don't stand under or behind the butt end of these engines of destruction when applying the match to them. They throw out streams of sparks from behind very frequently and whosoever is in line with them is due to be perhaps very severely burned, or to have his clothes set on fire.

Whatever it costs him. ## RUTH MAKES 4 HOME RUNS IN 3 GAMES

Has Twelve Tucked Away for This Season—Still Eight Behind Williams

### YANKEES BACK TO FORM

St. Louis and Brooklyn Each Gained a Full Game on the Giants

(By the Associated Press)  
Chicago, July 3.—Apparently spurred to greater exploits by a sudden spurt on the part of Babe Ruth, home run sluggers of both leagues fattened their totals in a week-end that reveled with circuit blows. Ruth hammered out his fourth homer in three games and his twelfth of the season yesterday, while the Yankees were taking their fourth straight from Philadelphia 9 to 3. "Fille" Walker cracked out a brace of circuit blows making his total four in the last two games and bringing his season's total to 17, only three behind Ken Williams of St. Louis, the leader.

St. Louis and Brooklyn each gained a full game on the Giants in the National League race as a result of double victories over Cincinnati and Boston respectively, while the league leaders were idle. Rogers Hornsby of the Cardinals failed to increase his home run total after having registered his 18th Saturday. Zach Wheat added the Dodgers in the second game with his tenth circuit poke. The Detroit Tigers recovered their batting eyes and checked Chicago's winning streak of eight games, trouncing the White Sox 12 to 6.

The Red Sox beat Washington 2 to 1. The Cubs easily downed Bill McKechnie's Pirates, 5 to 1.

Ken Williams, St. Louis outfielder, maintained his advantage in the home run race when he socked his twentieth home run.

Walter Johnson's string of scoreless innings was ended at thirty when Boston scored in round four. Two of the Boston Braves veterans fell by the wayside when Brooklyn set upon Rube Marquard in the first inning of the first game and knocked him out of the box, and hit George McQuillan hard.

The old master, Grover C. Alexander, deserved a shutout against Pittsburgh and would have had it, but for an outfield error.

### SPORT BRIEFS

St. Cloud, France, July 3.—Kir Cubbin, an Irish-bred horse, won the President's stake race by a nose from Ksar, the favorite.

Pomona, July 3.—A. C. Strong of Chicago, was elected president of the Mississippi Valley Power Boat association.

San Diego, July 3.—San Diego high school beat West Tech of Cleveland, 6 to 0 in the first game of their baseball series.

Minneapolis, July 3.—Carl G. Schjott, Minnesota three-letter man, announced his intention of entering the University of California next fall.

## 25,000 FANS TO SEE FIGHT

(By the Associated Press)  
Michigan City, Ind., July 3.—With a light-weight championship bout on its hands this city began to fill up today with the first influx of fight fans for the ten round contest between Benny Leonard and the title holder, Rocky Kansas. The Buffalo challenger in Floyd Fitzsimmons' open air arena tomorrow afternoon.

It is expected that 25,000 ring fans will pay approximately \$75,000 to see the fight.

Both Leonard and the three times challenger for the lightweight crown virtually ended their training yesterday. Leonard is ready to set a furious pace for the Buffalo challenger.

Kansas probably will face a weight disadvantage of about three pounds tomorrow. The champion plans to go into the ring weighing about 133 pounds while Kansas probably will not scale more than 133 or 134 pounds.

Just enough exercise to keep their muscles loosened and a brisk run on the lake beach is the program for both fighters today.

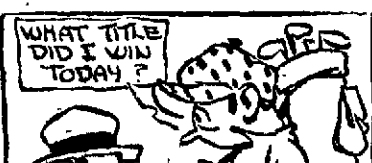

## RUSSIE LEROY TO DEFEND TITLE AT DETROIT

(By the Associated Press)  
Detroit, Minn., July 3.—Russie Leroy, lightweight champion of the northwest will defend his title against Johnnie Shavers, St. Paul, here tomorrow.

The prison team beat Wing 10 to 1 yesterday. The reform school team is expected to play at the prison tomorrow, the Fourth of July.

Cuts sustained by bathers at summer resorts on broken bottles are the latest woes to be blamed on prohibition.

## HAGEN — LAST WORD IN GOLF

WALTER HAGEN, AMERICAN GOLFER, WHO HAS JUST WON THE BRITISH OPEN CHAMPIONSHIP.

He Looks the Part and Plays It—In Pinches He Does Best, Says Evans

BY BILLY EVANS.

Every sport has at stated intervals its outstanding figure.

In baseball Rube Waddell, Hans Wagner, Larry Lajoie, Grover Alexander, Walter Johnson, Ty Cobb and Babe have held sway.

Certain things these stars could do a little better than any one else made them the talk of the baseball world.

The boxing game has had it John L. Sullivan, Jack Corbett, Bob Fitzsimmons, Stanley Ketchel, Battling Nelson, Jack Britton and Benny Leonard.

Corbett was the boxer, Fitzsimmons and Ketchel packed a terrific punch for their weight, Nelson was known as the "Durable Dane." Of the present champs Britton commands attention because he seems able to defy Father Time. Leonard is generally regarded as a champion who has everything.

Billiards has had its Frank Ives, Jake Schaffer, Willie Hoppe. At present the son of the late Jake Schaffer rules the billiard world. However, few players have ever stood out in the billiard game quite as Hoppe has.

Football has produced any number of idols, but none greater than Jim Thorpe, who, by the way, did not confine his athletic greatness to the gridiron.

Now we come down to golf, the game that is fast developing into a national institution.

Golf has produced many great players. In the game today are any number of stars who stand out because of their greatness on the links. Some have won fame largely through their driving ability, others for their short game and a few for their all-around sound play.

Of the present galaxy of golf stars Walter Hagen unquestionably is the most imposing figure in the golf world, the outstanding figure of the game.

Hagen is the style golfer you see in the pictures, and read about in fiction, but seldom come across in real life.

Money Player. Hagen is the ideal golfer. He looks the part and plays it. No task seems too difficult. He does his best in the pinches. As a money player he is without an equal. In all his golf tourneys the chief thought of the other contestants is:

"What's Hagen's score?" Hagen has just won more golfing fame by taking the British open championship. It is the first time an American-born golfer has ever won the trick. He has so many other titles to his credit that he has to employ a secretary to keep track of them.

Recently I was discussing baseball with several noted golf professionals. After they had quizzed me with a score of questions about baseball I decided to get some golfing information.

"Who is the greatest golfer in the states?" I asked.

"That is merely a matter of opinion," replied one of the pros, "if it wouldn't see concealed I would pick myself. However, no player is tougher for me to beat than Hagen. I have beaten him, but not often."

"Hagen's golf is really uncanny," continued the pro. "I well remember a series of matches we played prior to the opening of one of the western championships. Hagen, by the way, won the title that year."

Sets His Figure. "First Hagen said he intended playing the course in better than 75 that day. Considerable money was wagered and a big gallery followed him around. Hagen had a fat bet on himself. He did it in 74."

"The next day he said he would play the course in better than 74 and he came right through with a 73."

## SUZANNE IS VICTORIOUS

(By the Associated Press)  
Both Mrs. Mollie Bjursted Mallory, American woman tennis champion and Mlle. Suzanne Lenglen, the French champion of the world, won their matches in the international grass tournament here today. Mrs. Mallory defeated Mrs. Peto of England,

6-2; 6-1 and Mlle. Lenglen swept through her match with Miss Evelyn Colyer England, in two love sets.

Wimbledon, Eng., July 3.—Mlle. Suzanne Lenglen of France world's woman champion tennis player today defeated Mrs. Evelyn Colyer, England, in the international grass courts championship here 6-10; 8-0.

## CAR STRIKES COLT, 1 DEAD

(By the Associated Press)  
San Luis Obispo, Calif., July 3.—Enos Bello, Racing Driver was killed and Luis Silva, his mechanic was injured, probably fatally when their car struck a colt yesterday. The colt had walked across the speedway track as they were testing their machine. The animal, thrown into the air, came down on the car breaking Bello's neck and causing Silva concussion of the brain.

## TUTTLE TAKES SUNDAY BALL GAME, 10 TO 8

Tuttle's baseball team defeated Bismarck here Sunday 10 to 8 in a free hitting contest. Both teams started out to pile up runs. Tuttle made two in the first inning when Danielson and Epstein singled, Bar and Max Epstein struck out and J. Barber singled, scoring two runs. In Bismarck's half of the first a walk, a hit and an error put three men on bases and Christianson scored three runs with a two bagger. Tuttle got a big lead and the score at the beginning of the seventh inning stood 7 to 3 but Bismarck drove in five runs in this inning. The lead didn't hold, Tuttle getting three runs in the eighth.

Line-up for Tuttle: J. Barber c-p; Max Epstein c-p; F. Witmyer 1b; E. J. Danielson 2b; E. Lybeck 3b; F. Barber ss; G. Elliott rf; A. Epstein cf; J. Witmyer p.

Score by innings: R H E  
Tuttle... 2 0 3 0 13 0-10 12 5  
Bismarck 3 0 0 0 0 0 5 0-8 10 6

## LEONARD FIGHT DECLARED O. K. BY CO. SHERIFF

(By the Associated Press)  
Michigan City, Ind., July 3.—Sheriff William E. Aystiss of La Porte county, this afternoon announced that he notified Governor Warren T. McCray that the scheduled fight between Benny Leonard and Rocky Kansas, here tomorrow, is a boxing match and not a prize fight, and therefore within the provisions of the Indiana law.

### UP TO GOVERNOR

Indianapolis, July 3.—A point of law may prevent the ring contest at Michigan City tomorrow afternoon between Benny Leonard lightweight champion, and Rocky Kansas, executive secretary to Governor Warren T. McCray. Governor McCray was not in the city today.

According to Miss Bush, the governor has requested La Porte county officials to make an investigation as to whether the contest is to be a prize fight or a boxing contest. If it is the opinion of the county officials that the bout is to be a prize fight then the bout will be prohibited, it was said.

## OLSEN AND POINDEXTER ARE VICTORS

(Continued from page 1.)

McDonnell	55,652

## O'Connor Leading

On the Democratic side with 625 precincts reported the vote stood:

For Senator	1,368
O'Connor	4,839
For Governor	2,722
Simon	3,078
Secretary of State	2,336
Mrs. Gammons	2,699
Attorney-General	1,482
Nichols	3,282
Commissioner of Agriculture	1,617
Mo tad	2,975
Nelson	2,975

A Geo. Shaffer was nominated for attorney general, and Joseph A. Kitchen for commissioner of agriculture and labor, though by majorities greatly below that given Governor Nestos, which will be at least 12,000 on the basis of figures available at noon today.

Miss Nielson Leads. Miss Minnie Nielson will have a big lead over Miss Martha Fulton of Wahpeton for superintendent of public instruction. Both were nominated, however, and will go on the ballot in the fall. Miss Fulton's vote was surprisingly large in some counties, she carrying some of them. Miss Nielson carried McLean county, a league county.

While Oert Olson made a strong race for state treasurer as later returns came it appeared that John Steen was nominated by a good majority.

All of the candidates below Governor dropped in the total number of votes. This was to be expected, since many voters do not look beyond the head of the ticket. It was more pronounced than usual, however, and had Governor Nestos not rolled up the big lead for his ticket it is apparent that some on it would have fallen by the wayside.

An analysis of the Stegner vote in some localities indicates that many leagues voted for him. This was held significant by many, as indicating that they believed the state social idea was all wrong and they wanted to help wipe it out. Reports from individuals also confirmed the statement that many Republicans who formerly were very strong for the industrial program had concluded that the state ought to get away from it and get back to a sound business basis.

### Gains in Northwest

The greatest gains made by Governor Nestos were in the Northwest part of the state. Reports from that section indicate that the vote, which was recorded from strong Scandinavian counties, as being a definite drift away from the Nonpartisan league while others held that Governor Nestos' popularity among the people of that section of the same nationality as he accounted for the great increase in the Independent vote.

### Democrat Vote

The nomination of J. F. T. O'Connor for senator on the Democratic ballot was shown by meager returns while the same returns also indicated Dr. Platon would be nominated for Governor over Charles Simon in a close race. Herbert Eard and Mrs. Florence Gammons were running a close race for the Democratic nomination for secretary of state and were Theodore Mostad and N. M. Nelson also were close for Commissioner of Agriculture and Labor.

### CONGRESSMEN RENOMINATED

(By the Associated Press)  
Fargo, N. D., July 3.—Tabulators were at work here this morning again on Wednesday's primary election totals but no more definite figures will be available until later in the day.

Nonpartisan League state headquarters today had conceded the renomination of George Young for congressman of the Second district, leaving all present congressmen in office. The other two are O. B. Burtness, Independent in the First district, and J. H. Sinclair, Nonpartisan in the Third.

### KRETSCHMAR WINS

Linton, N. D., July 3.—Kretschmar won for state senator in the 36th district over Wishek and Weber, the vote standing with 7 out of 41 pre-

dicts not reported: Kretschmar 1315; Wishek 999; Weber 888.

### GALLAGHER NOMINATED

Beach, N. D., July 3.—R. H. Gallagher had a majority in the race for states attorney here. He and G. J. Oppgaard were nominated. Other nominations were: For sheriff, Stone and Pierzina; for auditor, McCarthy and Page; for county treasurer, McConkey and Foster; for superintendent, Wentland and Gee; for clerk of district court, Heath and Dille; for register of deeds, Noble and Schillo; for county judge, Smith and Saunders.

### WOMEN WINS WELL

Dickinson, N. D., July 3.—Miss Eneenor M. Smith was nominated for clerk of court in Stark county with Frank Wanner over T. N. Hartung and Jacob Mack. Both John Roster Jr., and Peter Splishal were nominated for county treasurer. Sheriff Geo. J. Brown was renominated and will race in the fall with James Soules.

### MERRY RACE IN DUNN

Dunn Center, N. D. July 3.—There was a merry county race in Dunn county. Miss M. L. Hill was nominated to succeed herself by a vote of 601. Miss Marion Fleming was second high while R. G. Deming was third. John H. Brown was ahead of W. L. Boyd for sheriff by a large majority. C. J. Hemphill was out over Lars M. Johnson for auditor. J. G. Iselin and W. J. Gibson were nominated for clerk of court over Paul Erb and E. T. Ophus. Thomas Johnson and T. H. H. Thoreson of Dunn Center were nominated for states attorney.

For senator T. J. Anders of Werner polled 560 votes and William Connolly of Dunn Center 713. R. H. (Dad) Walker, J. F. Link and G. W. Morton were nominated for the house of representatives.

There are 332 parks and squares in Paris.

Two European capitalists, Petrograd and Madrid, were built to order, the one by Peter the Great, the other by Philip II who chose the lofty site because of the asthma from which he suffered.

## THE GREAT AMERICAN HOLIDAY

For nearly a century and a half the Fourth of July has been celebrated by the people of this country as the birthday of the American Nation. The beginning of American independence. It has been symbolic of freedom and liberty for self-governed people and stands out preeminently as an American holiday. In the past it has been a day in which the people showed an almost childlike appreciation of the fact that they were the freest people in the world by all sorts of patriotic exercises, picnics by day or by night, with brass bands playing patriotic tunes, by the waving of flags, fireworks, tin horns, and exuberant flights of oratory. It has been more representative of the young America of Jefferson's thinking of the present John Adams expressed the idea of Independence Day for the early patriots in these words:

"It ought to be commemorated as the day of deliverance by solemn acts of devotion to God Almighty. It ought to be celebrated with pomp and parade, with shows, games, sports, guns, bells, bonfires, and illuminations, from one end of this continent to the other, from this time forward forever."

Until 1814, the Fourth of July had gradually developed into a day in which the "parade, bells, guns, and bonfires" had become its most significant features. Since the thousands of our boys were sacrificed on the battle field of Europe to prove to those autocratic powers that America still believed that all men are created equal, endowed by their creator with certain inalienable rights among which are life, liberty and the pursuit of happiness, thousands of Europeans as well as Americans have gained a new realization of the central idea of the Declaration of Independence—that governments derive their just powers from the consent of the governed.

In Bismarck as in every city and hamlet in the United States we have too many boys who were in training camps in this country and on the firing lines in Europe to allow us to forget the real significance of the day. Though there may be many parades tomorrow, nor will solemn occasions, America does not forget the day of her birth, nor the men who fought and died to make her free. She hides her deeper feelings under a show of lightness. But who shall say she does not fight the better for her light-hearted way of commemorating the birth of her freedom? It is difficult for a nation as for an individual to express their deeper feelings, so let us enjoy in sports and other ways the Fourth of July for what better way is there to express the joy of freedom.

## PLAYING HORSE

We should walk on all fours instead of on two feet, for nature intended man to be a quadruped. This thrilling suggestion comes from an able authority—Courtiers, celebrated French scientist.

Men who have hunted for collar-buttons under the bureau will not agree with him. Nor will the father whose young son insists that pa "play horse."

Courtiers' suggestion is valuable, however, if for no other reason than the laughs it starts. Anything that takes people's minds off their problems and steps morbid introspection—analysis of self—is a stimulant and a tonic.

That is why so many men, fagged out from the day's work, turn to the newspaper comic pictures before they read page-one news stories.

Evolutionists believe that man once scrambled about "on all fours," like a monkey. What made him get up on his hind legs? Probably it was the discovery that he could walk that way and use his fore-legs to carry home an armful of coconuts for his family.

In those days, human arms must have been as long as the legs, like monkeys you have seen in the circus with their hands reaching below their knees as they stalked about. Gradually the arms shortened to a more convenient length. Such is the scientific theory—interesting, whether you believe it or not.

Courtiers is not the only scientist who thinks we are violating natural law by not walking like quadrupeds, other interval organs, bug. Their arrangement indicates that their most natural position is when we are on hands and knees. Possibly this explains our instinctive attempt to brace up our abdomens by corsets, belts and tight trouser-bands.

The correct position of the body in walking may be debatable. But this much is certain: When feeling dizzy or ill in any way, nothing beats lying on the back.

A person lying down relieves his internal machinery of the strain that is always present when moving about on the feet. The heart, too,

has less work to do in pumping the blood. Even the complete relaxation—even for only 10 or 20 minutes at a time often will enable the body to recharge its batteries sufficiently to ward off what might develop into serious illness. We get ill on our feet. We recover lying down.

## UNCOMPLETED WORK

The Chinese were practicing with aviation before Europe learned to use air-bombs. Mongol, Tartar or Manchu, they have flown man-carrying kites for centuries. If they had had a mechanical genius to provide them with motors, they might have conquered Rome with giant firecrackers 2000 years ago.

The interesting information is circulated by the Aeronautical Chamber of Commerce.

It discloses the principle behind the decay of oriental civilizations, China especially. The Chinese were wonderful originators. But they rarely developed anything beyond a tenth of its possibilities.

The thing that makes America great is squeezing all the juice out of the orange, instead of just a few drops.

"Success, as has been pointed out frequently, is 10 per cent inspiration or 'hunch' and 90 per cent perspiration or concentration on development of the original idea."

## BREWERY

In Egypt, 3700 years ago, an unknown sculptor made a small-scale model of a brewery, showing 12 men making beer from barley.

Dr. Flinders Petrie excavates the model near Cairo. He sends it to the museum of the University of Pennsylvania.

In view of the fact that man has been drinking alcoholic beverages for thousands of years, is it any wonder we find it so hard to make prohibition absolute in a few years?

Liquor feeds on itself—creates a craving. A drinker soon finds that alcohol has become a necessity. This biological process through thousands of years has given the world many inhabitants born a certain number of drinks below normal. To bridge that gap, raise themselves to normal, you see them go to peculiar financial and criminal extremes.

## INTERESTING JOB

George W. Sherman, 83 years old, cuts out for himself the interesting job of walking 614 miles in 31 days, to join his old comrades at the reunion of Confederate veterans in Richmond, Virginia.

Pictures of this white-bearded patriarch looked as if, in a pinch, he might cover the distance in two weeks.

Do you think you will be able to walk 20 miles a day for 31 successive days, when you are 83?

Could you do it now?

Our generation is a lot weaker, physically, than the one before us. The schedule points to a race of weaklings a half century hence.

## HEALTH CLOWN

Chew Chew, a health clown, makes the rounds of New York City schools, spreading the gospel of fresh air, proper food and cleanliness.

With him is his little dog, Creamo, whose antics include pawing his face as if washing when asked what he does in the evening.

The school children are going wild about Chew Chew and Creamo. They are absorbing health facts, because the presentation is made in an interesting way. And they will remember the health clown and what he taught, in their old age.

Making school interesting is the greatest problem of education. People in this gorgeous civilization remember interesting things, forget the uninteresting.

## COAL STRIKE

The suspension of anthracite coal mining in Pennsylvania since April 1 has cost the miners about \$42,000,000 and the government \$32,000,000. This is the recent estimate by Clifford L. Connelley, Pennsylvania's State Commissioner of Labor and Industry.

It is only a fraction of the total individual and economic losses due to the national coal strike.

The cost to consumers will not be known until coal begins rattling into cellar bins next winter.

If all men were far-sighted, sensible and fair, the conferences that eventually end such strikes could be held before the strikes started—and with the same results, waste eliminated.

## MUSIC

Music is one of the four necessities of life. The other three are food, shelter and clothing. So says Ubbi Urquhart, talking to a convention of men who make music on industry.

This is true, admitting that life is on an emotional basis, which it is. Any period of history is mirrored in its popular music. Jazz music came with a jazz period. It is passing out as the national temperament becomes normalized.

If you want to keep an eye on "the trend of the times," watch the new music as it comes in. If we react to wailing tunes, it will mean that the public considers the outlook discouraging.

## DEAR TO YOUTH

The house in which William Taylor Adams wrote many of his "Oliver Optic" books is being torn down at Dorchester, Mass., to make way for a garage.

This will open up the memory of many old-timers and recall the days when they "took out" Rolli, Oliver Optic, G. A. Henty, Elsie Binsmore and the Prudy Books from the Sunday school circulating library.

The times have changed. Youth in the old days read adventure based on the outdoor life of a world that was far from conquered commercialism and geographically. Today youth finds most of its adventure in science.

Mount St. Elias

If President Harding make his trip to Alaska he can see one of the strangest things in nature. Mount St. Elias.

This mountain is 18,624 feet high today but it is growing. Earthquakes are its growing pains. The

quakes are gradually lifting the entire mountain higher into the air. One quake in 1899 raised a nearby beach 47 feet.

Stupendous forces are locked up inside the earth, down under our feet. To an unknown extent, these forces will be harnessed to help do the work of our descendants.

## HIP-FLASKS

Prohibition visits the orient, stays 48 hours and gets out. This happens in Manju, where a new law prohibits sale of liquor on registration and election days.

It is the first time that part of the world has had a bone-dry spell since primitive men of the Philippine Islands discovered that fermented juice of the nipa palm "went to the head."

Manila took the closing of bars good naturedly, and chuckled as it patted the hip-flask. It might not chuckle if it knew that looking the barroom during voting was the way prohibition got its real start in America.

The handwriting is on the wall, Manila.

## EDITORIAL REVIEW

Comments reproduced in this column are the property of the Tribune. The opinion of The Tribune, they are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

## ABSURD SENIORITY RULE

The defeat of McCumber would be a small price to pay for a complete rejuvenation of the United States Senate and an escape from the situation pictured by the fears of Republican leaders. With McCumber out, La Follette becomes ranking member of the finance committee and Borah is second place on the Foreign relations committee. If Smoot and Lodge should be eliminated by the turn of the off-year wheel, the radical from Wisconsin and the insurgent from Idaho would become the respective heads of these paramount committees. The prospect, Correspondent Markham says, makes the Republican organization shudder. We may add, on our own, that it is calculated to fill "a whole country with apprehension."

But why should this come about? Why should the Senate be bound hand and foot to the antiquated and absurd rule of seniority? If it is a public menace and a party liability to put Borah and La Follette into the responsible chairmanships, the public will resent it and the party should be made to suffer the consequences. La Follette is a Republican for personal advantage only. There is nothing in common between him and the party. Borah is serving his last term in the Senate. His party connection and allegiance hang by an attenuated thread. He is a thorn in Republican flesh. If this twain of worthless come into committee honors it will be only because the rest of the Senate lacks the courage to abolish the seniority rule and make fitness the test in selecting chairmen.

The House set the Senate a bright example in this respect. Representative Davis of the Third Minnesota district, was entitled to the chairmanship of the appropriation committee under the seniority rule but his party majority in the House ignored the rule, turned him down and advanced another member for material, not party, reasons. Has the House more intelligence or a higher sense of duty to the country than the Senate? It will be demonstrated in the days to come. Neither body need fancy the country is not keeping a watchful eye on matters like these.—St. Paul Pioneer Press.

## WHEN THE SPUD WAS KING

If the American people were asked to state the highest price flight attained in the war, inflation, the food product, any necessary of life—any commodity whatsoever of general consumption—how many would guess it?

Sugar touched the clouds, but it wasn't sugar which made the elevation record. It wasn't coal or coke. Nor was it cotton print cloth, hides, steel or lumber, with all the climbing any of that list did. It was the humble potato.

By the index number of the department of commerce showing wholesale prices at the war peak, the price of wheat for the producer got up from a normal of 100 to 320, as compared with 140 last February. Cotton went from 10 to 480; it was down in February, about 160. Hides just missed scaling 500; now about 80—below the index number normal. Sugar rang the bell at 600; now a little better than 100. Coke topped 600, and went on a bit higher, to about 630—down now to about 110.

But the potato—the farm price to the producer—got just beyond 700! And, having broken all the price flight records, the champion high price of the war has since refused to get down to earth again, still being at 200.—New York Herald.

## DEBTS OF CALIFORNIA

According to the report of State Controller Riley, during the past decade the total bonded indebtedness for all forms of government in California has increased from \$89,906,423 to \$21,016,236, or 232 per cent, while the wealth of the state has increased about 60 per cent. This tremendous increase, that aggregates more than 3 per cent of the total wealth of the state, should have the attention of all tax levying bodies.

Controller Riley also suggests the wisdom of straining the state credit by financing too far in advance. Should we continue to increase in the same ratio for the next decade the resulting taxation would be confiscatory. During the last fiscal year the state and its subdivisions expended \$27,559,297 for interest and redemption of public debt.

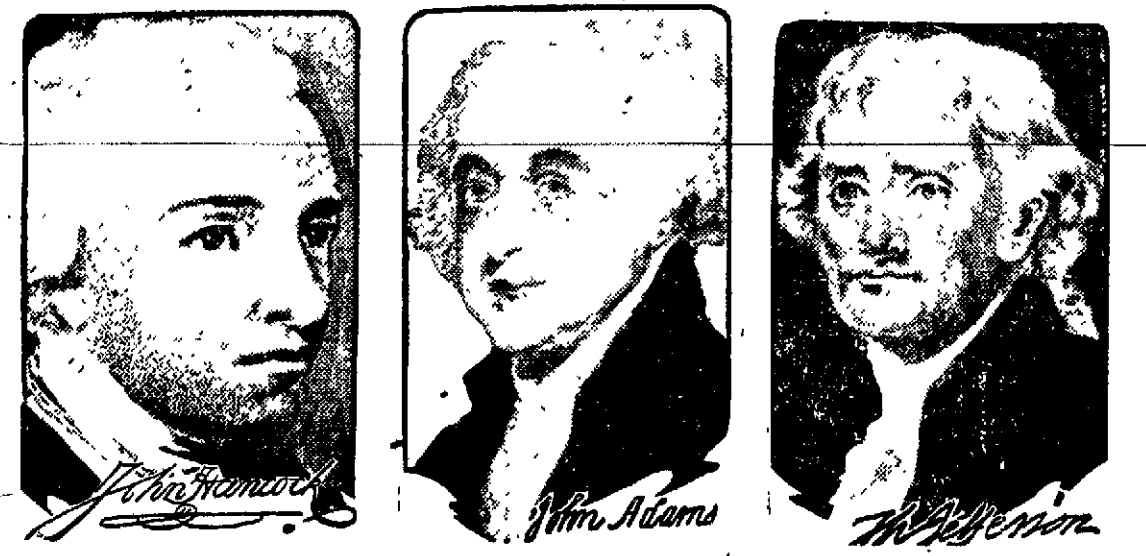

The proposed authorization of a new state debt of \$500,000,000, in addition to other public debt authorized but not issued, would increase out authorized public debt by about two and a half times, at one fell swoop. What the state and cities would do to themselves thereafter one can only guess. But we can and should stop the \$500,000,000 fully. San Francisco Chronicle.

## WHAT KIND OF MEN SIGNED THE DECLARATION? SIGNATURES TELL

IN CONGRESS, JULY 4, 1776

The unanimous Declaration of the thirteen united States of America.

When in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

By ALBERT J. SMITH. Graphologist. What were the characteristics of the men who penned and signed the Declaration of Independence? Historic strokes of the pen, preserved on that sacred document, reveal the wisdom and vision and courage of the founders of our nation, as expressed in the immortal words, "We mutually pledge to each other our lives, our fortunes, and our sacred honor." And they are mirrored individually in the very script.

FATHER OF HIS COUNTRY. In the signature of Washington (above), we have the man of peaceful mind, at ease with the world, in which good humor rules. The scroll shape "A" bar is indicative of these characteristics.

The separation of the letters—the old fashioned "t" apart from the "h" and the blunt "g" gaping away from the "t"—shows an affectionate, tender, affable and friendly nature. The Father of Our Country must have been in a happy frame of mind when he struck this signature, and he has been consistent in his repeated making for this style seems to have followed him at every occasion that history has revealed in specimens of his script.

of the document adopted by the Continental Congress, July 4, 1776.

Thomas Jefferson was the author of the Declaration of Independence and the original document is in his handwriting.

Unusual depth of mind, great literary ability, tender sympathy, virtue, justice, strong will power, a sense of right thinking and great tenacity of purpose are shown in Jefferson's handwriting. The small legible strokes indicate depth of mind, the joining of letters logical reasoning powers, and the careful and prudent pen marks show his practical turn of mind. Persistent use of the Greek form of the small letter "d" shows his literary ability. Clearness of perception is disclosed in the consistent spacing of his lines.

Less tenacity of purpose is shown in John Adams' signature than in Jefferson's. But in Adams' script we see constructiveness and order, the eternal fitness of things, based on a just conception of what the writer considers to be right and equitable. He had persuasive qualities essential to the completion of almost any undertaking. Jefferson was a fighter in the open; Adams a subtle fighter, intellectually acute, sagacious, discerning, calm and practical.

The signature of John Hancock shows many of the characteristics of John Adams, with probably greater, equisite, better balanced conditions of moral, social and political forces. While he had more balance, he lacked the argumentative powers of Adams or even of Jefferson. His mental acuteness was less than either, but he made up in deliberations of mind what he lacked in firmness and resolution. This is shown by the roundness of the tops of his small letters and the precision of formation. The familiar scrooled underparts are a mark of self-approbation and pride.

EVERETT TRUE BY CONDO

AND THEN WE OH, THERE GOES MY DOOR BELL! LISTEN, HELEN, I'LL CALL YOU UP, LATER AND TELL YOU THE REST! GOOD BYE!

R-R-R-RING! R-R-R-RING! R-R-R-RING!

GOOD MORNING, MRS. GREEN. I HOPE EVERYBODY IS WELL. OH, YES, WE'RE ALL WELL. WE WENT DRIVING YESTERDAY. HOW? OH, NO, WE WENT OUT THE STATE ROAD AND CAME BACK BY WAY OF THE FOOTHILL BOULEVARD. YES, I SHOULD SAY IT WAS A GLORIOUS DAY! WELL!

I GUESS MRS. TRUE HAS HAD TIME TO GET OUR ORDER TO THE GROCER OVER THIS PARTY LINE! WE THANK YOU!!!

AT THE MOVIES

THE ELTINGE

"Watch Your Step" is the feature attraction at the Eltinge for the Fourth and Wednesday. A Mermaid comedy, "Stop This Way," and News comedies are also on the program.

Why are stories like "Watch Your Step" popular?

Because there's a small town in nearly everybody's life. Maybe you were born in one; maybe your grandmother lived in one; and you want to visit her; maybe you've always lived in a big city, but dreamed about living in a little country town, where you could have fruit trees in the back yard, and chickens in the back yard, and maybe stories like this age popular because we all sort of recognize that from the small town comes the backbone of the nation.

"Watch Your Step" is a human and natural story of a country town. Gullies Landis as stimulating as a cold drink on a warm day. Fatsy

Tom Sims Says

And now in the course of human events it becomes necessary for enlightened folk to celebrate.

Exactly 146 years ago today Philadelphia was all excited. She hasn't been excited since.

No one knows how she knew it was the Fourth. Perhaps it was because the banks were closed.

On this day John Hancock wished he had a fountain pen to borrow instead of a goose quill.

Then he scratched his "John Hancock" and Great Britain was given her independence.

There were exactly 13 states represented. This number was very unlucky for King George.

We shot at George's soldiers seven years before they all got mad and went home.

And ever since the British have been getting even by sending lecturers over here.

After chasing George's soldiers, things seemed so quiet we began shooting freerackers.

Every Fourth of July we take a day off and some people take a few fingers off.

But after 146 years' practice celebrating we are gradually learning better ways.

All of the city people go to the country and all the country people come to town.

Fourth of July picnickers always make the country mosquitoes put in their bills for overtime.

Country ants that have never eaten a human find great feasts in store for them.

Birds that have never had a rock thrown at them won't be able to stay the same tomorrow.

And the country folk in town are wearing the edges off the buildings looking at them.

Many a pair of shoes were surprised today when they saw their first sidewalk.

And there are patriotic gatherings where folk wish they knew the words to our national anthem.

We favor a safe and sane Fourth of July. There are 365 days in every year. Why not have one of these 365 safe and sane?

A THOUGHT

O ye simple, understand wisdom: and ye fools, be of an understanding.

Wisdom is that attribute of man through which every action of a man receives its ideal value and import.—Schliermacher.

TODAY'S WORD

Today's word is ATROCITY, plural ATROCITIES.

It is pronounced a-troo-i-ty, with accent on the second syllable, the "a" as in ask, and the "o" short.

It means outrageously cruel or wicked, a deed savagely brutal. It comes from the Latin atrox, atrocis, meaning cruel, fierce.

It's used like this—"The atrocities of the recent mine massacre in Illinois were committed by men who probably never would think of committing murder while alone."

New Orleans is to use poison gas in an effort to exterminate rats.

BUY CHOCOLATE CANDY IN SPITE OF POOR WAGES

Berlin, July 3.—Chocolate candy, the war-time "iron ration" of armies, has been increasingly popular since the war among the laboring people of Germany despite the hard-mouth existence in which they are forced to live because of low wages and high prices. The workers here are said to have now surpassed the pre-war position occupied by the middle classes as the greatest consumers of this "luxury."

Simultaneously with comment in the press on this anomaly in the workingman's budget, figures are announced which show that the German laborer today is receiving barely sufficient to keep him and his family in the necessities of life.

Clara Balmach, Socialist member of the Reichstag, reporting in Vorwarts the results of an inquiry into workers' living conditions, declares higher wages are necessary and that the present state of affairs is due to the practice of usury in agriculture, industry, and trade.

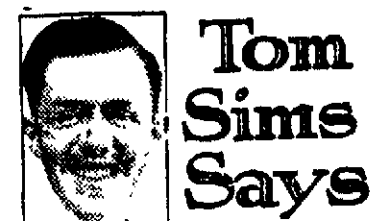

Interviewing an industrialist, she writes, she was told that diligent workers in his establishment received "good" wages at about 115 marks a week, equal to about 115 American money. She sought out a mechanic and found that was the exact amount of his stipend, and that he supported a wife and child on it.

She cites also the case of a barber's family of five, including three children between 10 and 15 years of age, which lived on the man's salary of 1,000 marks a week. In a third family of four, the budget was based on earnings of 3,800 marks a month.

WORKING ON WASHINGTON MEMORIAL

Alexandria, Va., July 3.—With the turning of the first sod of the beautiful spot on the outskirts of Alexandria overlooking the National Capitol, work has begun on a memorial to George Washington which will be a fitting companion piece to the Lincoln Memorial at Washington.

## SOCIAL AND PERSONAL

## McGettigan-Barth Marriage to Take Place This Evening

The marriage of Miss Lois McGettigan, daughter of Mr. and Mrs. D. J. McGettigan and Joseph L. Barth, son of Mr. T. N. Barth, will take place this evening at 8 o'clock at the McGettigan home, 827 Sixth St., in the presence of a few intimate friends and members of the family. Rev. Fr. Hiltner will officiate.

The bride will wear a simple gown of white organza and carry a bridal bouquet of roses and white daisies, and will be attended by Mrs. C. D. Owen, a sister of the bridegroom. C. D. Owen will be best man for Mr. Barth. As the bride and her attendant descend the hall stairway, Miss Nora McGettigan, sister of the bride will play Mendelssohn's Wedding March. The bridal party will proceed to the living room, where the marriage vows will be taken before an improvised altar that has been erected in front of the fireplace which will be banked with flowers. During the ceremony the pianist will "softly" play "We Shall Never Part Again."

Miss McGettigan was a graduate of the local high school in the class of '15, and later completed a teachers training course in the Winona State Teachers college at Winona, Minn. During the past two years she has been employed as a teacher in the local grade schools.

Mr. Barth attended school in Bismarck and has lived in the city for the past ten years. At present he is employed at the Richmond Bootery. Both the young people are well known in the city and have a host of friends.

After the ceremony a buffet supper will be served at the home of the bride. They will depart on a two-week wedding trip to the Twin Cities and Lake Umbagog at Annandale, Minn., immediately after the supper. They expect to make their future home in Bismarck.

## See Quiet Fourth for City Tomorrow

No Fourth of July celebrations plans have been arranged for the city of Bismarck, although individuals are planning picnics, excursions and short motor trips. A great many of the people will spend the day quietly at home entertaining some friends or with their family alone. While there may be some celebrating among the younger citizens, the older folk have given over any kind of riotous schemes for the day.

## Announce Marriage of Cannon Ball Girl

J. E. Lough of Cannon Ball announces the marriage of his daughter, Miss Edna Beatrice, to Benjamin Joy of Phoenix, Ariz. Mr. and Mrs. Lough will make their home in Phoenix.

## RETURN FROM GRADUATION EXERCISES AND MOTOR TRIP

Mr. and Mrs. F. A. Lahr and daughter, Miss Lucile Lahr arrived in the city yesterday evening. Mrs. Lahr has been at Lake Forest, Ill., to attend the graduation of her daughter, Miss Lucile, from Ferry Hall where she completed the Junior college preparatory course. This fall Miss Lahr will enter Northwestern University at Evanston, Ill., where she plans to continue her course in music.

Mr. Lahr met Mrs. Lahr and Miss Lucile at Parkersburg, Iowa. From there they motored through Hastings, Minn., to Minneapolis and stopped over for a short visit with Mr. F. B. Strauss and family at their cottage on Green Lake, in Minnesota.

## LEAVES FOR HOLIDAY

Olbert A. Olson left Saturday for Bowman county to look after his land interests and will go to St. Paul to spend July 4th with friends. Mr. Olson declared he was in happy spirits because of the vote he received in the primary in Burleigh county and in his home precinct in Bowman county.

## GOING TO THE LAKES.

Miss Pearl Benson left Sunday night for Detroit, Minn., where she will join her sister, Miss Mattie Benson for a short visit at the lakes. Then the Misses Benson will go to the Twin Cities for a couple of weeks.

## WILL MAKE HOME IN ST. PAUL

Mrs. Anna Gradin who has lived in the city for the past nine years left Saturday night for St. Paul, Minn., where she will make her home with her daughter, Miss Esther Spetz who is employed in that city. Mrs. Gradin has rented her home here.

## RETURNS FROM VISIT

Mrs. John Reuter who has been visiting at the home of her sons at Garrison and Underwood for several days has returned to the city Saturday.

## TO SUMMER COTTAGE.

Dr. F. B. Strauss and Carrol Blunt left today for Spicer, Minn., where they will join Mr. Strauss and family at their summer cottage.

## VISITING HERE

Mrs. L. E. Maynard arrived in the city Saturday evening from Minneapolis, Minn., for a visit with her husband, L. E. Maynard.

## WILL GIVE PICNIC

St. Mary's Altar Society will give

## FINNEY'S SERVICE

DAILY PHOTO SERVICE  
BISMARCK, NORTH DAKOTA  
Known all over the Northwest for Quality  
MAIL US YOUR FILMS

a picnic at the South Side Brewery the Fourth of July.

## TO ATTEND EPWORTH LEAGUE INSTITUTE.

Rev. S. F. Halfyard, pastor of the McCabe Methodist Episcopal church, left for Jamestown this morning to attend the Bismarck district Epworth League institute. It will continue during the week. Rev. Halfyard is on the faculty of the institute to teach the subject, "The Life of Christ." He will return to Bismarck Saturday night. Misses Eva Dingle, Esther Mandigo and Mabel Nathan will go tonight to Jamestown to attend the institute.

## GRADUATES FROM COLLEGE

Miss Rita Danford, a graduate of the Bismarck high school, graduated from the University of Oregon recently with special honors for general scholarship. Miss Danford is a daughter of Dr. S. A. Danford who was superintendent of the Methodist churches of the Bismarck district for many years. She is to be married in the early part of July to Lloyd Strong of Seattle, Wash., and will live in Seattle.

## HOME FROM COLLEGE.

Miss Margaret Smith who has been attending the Riverside Junior college at Riverside, Calif., arrived in the city yesterday for a visit with her parents, Mr. and Mrs. W. L. Smith, during the summer. On her way home Miss Smith visited at Killings Mont, and San Francisco, Calif.

## ON EXTENDED VISIT.

Mrs. J. B. Hollenbeck and son, Zeph, left this morning for a two-months' visit at Minneapolis, Minn., Buffalo and Niagara Falls, N. Y., Indianapolis, Ind., and Louisville, Ky. Dr. Hollenbeck will accompany Mrs. Hollenbeck part of the way.

## LODGE HEAD HERE.

B. C. Marks of Fargo, grandmaster of the A. O. U. W., spent the week-end visiting at the home of Mr. and Mrs. W. H. Webb. Mr. Marks left this morning for Annot. He will visit lodges in the northern part of the state.

## LEAVE FOR HOME.

Mrs. J. J. Tucker, who has been visiting her mother, Mrs. Anna Peterson, and her sister, Mrs. E. Beitman for the past three weeks left last night for her home in Minneapolis, Minn.

## RETURNS FROM CHICAGO.

C. W. Moses, who recently accompanied his son, Charles, as far east as Chicago, returned last night. Charles received an appointment to the Annapolis Naval academy and has passed his entrance examination.

## GOING HOME

Miss Pearl Barton who has been visiting at the home of Mrs. Thomas Luyben for the past two weeks returned to her home at Douglas today. Miss Bertha Luyben accompanied her home and will spend the Fourth of July visiting at her home.

## ON MOTOR TRIP NORTH.

Mr. and Mrs. Edward Bannan left yesterday for Molinville, Canada. They will motor as far as Portail, N. D., and then take the train. Mr. and Mrs. Bannan expect to be gone for about two weeks.

A. B. Cook of the Cook Construction Co. of Helena, Mont., arrived in the city yesterday from St. Paul, Minn., where he was called on business connected with the late Alexander McKenzie.

## NURSE LEAVES

Miss Marie Irish, R. N. left Saturday evening for St. Paul, where she has accepted a position in the Miller Hospital. Miss Irish was a nurse at the St. Alexius Hospital.

## GUESTS OVER THE FOURTH.

Misses Bessie Work and Mayme Brady of Valley City, are guests at the home of Mrs. A. E. Brink, 512 Ave. A. over the Fourth of July.

## AWAY ON VACATION.

Miss Kathryn Brown left today for a couple of weeks' visit at her home in New England. Miss Brown is an employee of Lucas & Co.

## OVER THE FOURTH.

Wesley McDonnell of Cannon Ball is visiting with Mr. and Mrs. C. W. McDonnell over the Fourth of July.

## VACATION TRIP.

E. M. Nordlund left Saturday for a vacation trip to Grand Forks and at the Detroit Lakes in Minnesota.

## VISITORS HERE.

Mr. and Mrs. A. M. Jackson and daughter, Miss Eleanor of Mott, were visitors here today.

## G. A. Brooks of Wilton, made a business trip to the city yesterday.

## TO GIVE SOCIAL.

The Young People's Society of Christian Endeavor of the Presbyterian church will give an ice cream social all the afternoon and evening of July 4 on the church lawn. Everybody is invited. The proceeds will be used to send delegates to the summer conference at Jamestown July 10-16.

## TO VISIT PARENTS.

Miss Emma Schmunk left Sunday night for Crookston, Minn., where she will spend a month visiting with her parents.

Mr. and Mrs. E. A. Knutson and Misses Evelyn and Madelyn Knutson of Hettinger, were visitors in the city yesterday.

P. A. Briest and Jacob Hildebrand of Ashley, were callers in Bismarck today.

E. C. Harvey of Wing, made a business trip to Bismarck yesterday.

C. J. Kunz of Killdeer, transacted business here today.

Rev. A. Devering of Zealand, is visiting in the city.

Paul Goets of Hazen was a visitor here yesterday.

## CITY NEWS

## Baby Boy

The birth of a baby boy is announced by Mr. and Mrs. A. Person of 510 Ave. A.

## Baby Girl

Mr. and Mrs. Charles Allensworth of Britton announce the birth of a baby daughter at the St. Alexius hospital.

Stores Close Wednesday Afternoon  
During July and August Webb Bros., Lucas and Harris-Robertson's, will close at a Wednesday afternoon in order to give their employees a rest in the middle of the week.

## Bismarck Hospital

John M. Geisler of Ashley, Morgan Oakman of the city, J. H. Schloemer of the city, and Mrs. John Soehren of Mott have entered the Bismarck hospital for treatment. Mrs. Oscar Backley of Van Hook, and Mrs. William Miller of Stanton have been discharged from the hospital.

## St. Alexius Hospital

Miss Leona M. Densmore of Sterling, Walfrid Ecklund of Washburn, Mrs. John Hoffart of Beulah, Mrs. Harry Crawford of the city, Allen Strong of Hazen, M. E. Szabo of the city, Master Joseph Obawa of the city, K. R. Knowles of Wilton and Mrs. Jacob Thomas of Timmer have entered the St. Alexius hospital for treatment. Mrs. L. Riemann of Douglas, Mrs. Jacob P. Brosz of Washburn, Mrs. Christ Schantz of Glen Ullin, Mrs. A. S. Mischel of the city, Mrs. J. B. Olsberry of the city, Mrs. J. P. Curran and baby boy, Miss Genevieve Johnson of Napoleon, Mrs. John Kelsch of Bentley, Mrs. Jacob Kallio of Wing, Mrs. H. Kerzmann of Blackwater, R. Moore of the city, Mrs. John Weinhardt of Glen Ullin, Mrs. M. Grever of Glen Ullin, Carl Marinkson of Kinross, and Baby Julia Berger of Glen Ullin have been discharged from the hospital.

## BISMARCK BOYS

The St. Mary's boys returned from Brush Lake Saturday evening where they had been in camp with Mr. McLeod. Brush is a very pretty little lake about 80 miles north of Bismarck.

The approach to the water is coarse sand and gravel. The water is fairly clear and the swimming good.

In lieu of boats the boys constructed a raft and paddles on which Clem Boesjffug made the long distance record. The boys enthusiastically acclaim Brush Lake as the one best bet for a coming site.

For the month of July special attention will be paid to swimming. Swimming classes will be conducted for boys and girls and life sav-

ing classes for those who can qualify.

Full particulars will be announced later.

## TAG DAY TO RAISE FUNDS IS PLANNED

Women to Raise Money to Operate Masonic Temple Rest Room

A tag day and a food sale will be put on next Saturday, July 8, as a result of the action taken last Saturday by members of the Women's Community Council when they held their regular meeting at the Masonic temple.

Mrs. W. E. Perry was made chairman of the committee in charge of the food sale and Mrs. E. J. Schultz will have charge of the committee which will direct the tag day campaign. Members of the various women's organizations of the city will be asked to assist in the carrying out of these campaigns which have for their purpose the raising of funds to pay the salary of the matron in charge of the rest room in the Masonic temple and to defray current expenses of the organization.

A tentative constitution for the establishment of a central registration bureau in connection with charitable work by organizations in the city was presented by the committee which had been appointed at the last meeting to report on such plans and will be presented for the consideration of the city and county commissioners this week. A motion to send a letter to the city commissioners asking that a meter inspector and a meat inspector for the city of Bismarck be appointed was passed.

In the absence of the president, Mrs. Edward Bannan, Mrs. Charles Moses presided at the meeting.

## MINOT STAGES BIG PAGEANT ON JULY 21-22

Minot, July 3.—Minot young ladies are all astir over the contest being conducted by the Minot Association of Commerce through the local daily newspaper to select the young lady who will take the part of "Miss Why-not Minot" in the historical pageant of Northwestern North Dakota which the association is presenting in a natural amphitheater July 21 and 22. A primary election is being held until July 7 and the three highest candidates will then appear on a ballot until July 14 when the one receiving the most votes will be declared winner. The association had enlisted the co-operation of the Playmakers of the University of North Dakota and has engaged professional producers including Melvin B. Johnson, son of C. A. Johnson of Minot. Mr. Johnson gained widespread popularity

through his dramatic efforts while attending the University of North Dakota and has since been engaged in producing plays and pageants for the John B. Rogers Co. of Fostoria, Ohio.

The pageant is to be presented in commemoration of the coming of the first white settlers to northwestern North Dakota who located near where Minot is situated in 1882. A parade each day of the pageant will reveal the progress made in the past 40 years and people from all parts of Northwestern North Dakota will make up the cast of performers and otherwise assist with the celebration. Important events in northwestern North Dakota since the arrival of Lewis and Clark at Fort Mandan, near the junction of the Missouri and Knife rivers, will be shown in the pageant which promises to be the most elaborate spectacle ever attempted in the northwest.

## POPE SENDS BEST WISHES

(Continued from Page 1)  
Fargo, N. D., July 3.—Pope Pius XI sends best wishes to the people of North Dakota, the Right Rev. James O'Reilly, bishop of the Fargo diocese, announced today, following his return from Rome and other European points.

## A CORRECTION

In the list of active pallbearers of the Alex McKenzie funeral, the name of E. A. Williams was inadvertently omitted. Mr. Williams was a life long friend of the former political leader and served with him in many of the ventures that had as their object the upbuilding of Bismarck and the state in general.

Safety matches are used in remote regions around the Red Sea which have never been visited by a white man.

The Roman women often curled their hair and sprinkled it with gold dust.

Hemstitching. N. W. Kelley, 211 Broadway, Bismarck, N. D.

## GOLF TOURNEY TOMORROW

All Members of Country Club Given Chance in-Play

A Fourth of July golf handicap tournament in which every member of the Country Club is urged to enter will be held starting tomorrow morning at 10 a. m.

Handicaps will be fixed on a basis of this year's scores, the national system of handicaps being used for the first time. There will be two prizes—one for the low net score and one for the low gross score. The tournament will be 18 holes, medal play. During the time the tournament is on the course will not be open to persons not competing in the tournament. It is emphasized, however, that handicaps are so fixed that every one has a chance in the tournament and every member is urged to enter. Women may enter the men's tournament.

## Independence Day

On July Fourth, we observe the 146th celebration of Independence Day. For 146 years the United States has enjoyed Liberty and the pursuit of happiness as a result of the Declaration of Independence — signed nearly a century and a half ago.

A noted traveler recently returned from Europe has made this statement: "To appreciate the United States of America, its government, its prosperity and all the wonderful opportunities for rich and poor alike, spend a year abroad."

The most meager appreciation of our advantages as a nation will be just cause for a little extra noise on July Fourth. Because it is a legal holiday, this bank will not be open for business on that day.

The CITY NATIONAL BANK  
BISMARCK, NO. DAKOTA

## A Dainty, Delicious Delight

for the warm days when the palate is tired of heavy foods.

Shredded Wheat  
With Strawberries

Being made in Biscuit form it is so easy to prepare a delicious, wholesome meal with Shredded Wheat and berries or other fruits. The porous shreds of the Biscuit take up the fruit juices presenting them to the palate in all the richness of their natural flavor. Cover the Biscuits with strawberries or other fruits and serve with milk or cream, adding sugar to suit the taste. More nutritious and more wholesome than ordinary "shortcake" and so much easier to prepare.

When you ask for Shredded Wheat be sure you get the original Shredded Wheat you have always eaten, made at Niagara Falls, N. Y. — always clean, always pure, always the same high quality. Two Biscuits with milk or cream, or with berries or other fruits, make a satisfying meal.

# 79,000 BRAINS MAKE THE ASSOCIATED PRESS

The Bismarck Tribune is now giving its readers the full leased wire service of the Associated Press. This is the same news service received by Fargo Forum, Grand Forks Herald and Minot Daily News. Leased wires run into each of the offices of these papers giving THE TRIBUNE and its associated members the Greatest News Service in the world, the best news service obtainable.

Features OF GREATEST NEWS SERVICE IN WORLD WHICH BISMARCK and adjoining territory WILL NOW get through the columns of The Tribune, twelve hours earlier than through any other state daily and twenty-four hours earlier than through any Twin City Paper are as follows:

## News of the World

Every corner of the world is in instant touch with Bismarck on the leased wire service which started today. Foreign news is of vital interest now as the price of farm products as well as the general trend of civilization may depend upon some development of the European policy—AND The Associated Press Will be on The Job as usual.

## The Markets

The Bismarck Tribune Today prints the complete market report placing in the city and farm home quotations of vital interest shortly after the close of markets. Business men of Bismarck and within a radius of 100 to 150 miles can get their market news in The Tribune first. Grain elevators and others vitally interested should subscribe now.

The news service of the world's greatest news gathering organization, which you read in The Daily Tribune, is the product of

## 79,000 PEOPLE

We asked the Associated Press to tell us how many participate in producing its news dispatches. Their reply divided these 79,000 people as follows:

Staff Employees	1,200
An average of fifteen string correspondents, reporting to each of fifty bureaus	750
Members at non-bureau points	1,200
Correspondents reporting to members	66,000
Correspondents of allied agencies	10,000
	79,150

These 79,000 people are the best trained news gatherers in the world. They come to your door every morning, every evening and every Sunday. The news service of the Associated Press is the backbone of a good newspaper. All by leased wire service to THE BISMARCK TRIBUNE COMPANY.

A REAL STATE SERVICE HAS BEEN BUILT UP FOR TRIBUNE READERS. With the advent of a leased wire in Bismarck, the Capital City of North Dakota, where sixty per cent of state news breaks, an Associated Press News Bureau has been inaugurated with trained men in charge under the control of the Associated Press. More North Dakota News Items will be available under the leased wire system than before and readers in the territory covered by THE TRIBUNE will be served with this news first.

## Special Features in Bismarck Tribune Which You Will Not Want to Miss

### MORE COLUMNS OF NEWS.

Eight more columns are added to The Tribune by a change in the mechanical makeup which is inaugurated today.

### SPECIAL FEATURES OF NEWSPAPER ENTERPRISE ASSOCIATION

News pictures from many lands—Sister Mary's kitchen—Adventures of the Twins, a bed time story for the little ones and many special articles from the pens of well known writers.

## BY ALLMAN

(By the Associated Press)  
New York, July 3 (Wall Street  
1:30 p. m.)—Speculation became pro-  
gressive duller with fluctuation in  
the usual leaders confined to trivial

99% did not occur until 11:41 and for the next two hours the range held between 99 and 99 1/4. Certain stocks were in scant supply when demand was heavy, leading to an advance of 2 1/2 points in consolidated gas, 1% in Kayser and one point in Phillips Petroleum producers and Refiners. Marine preferred and United Retail Stores.

**10:30**  
Early dealings on the stock exchange today were light and irregular, reflecting the small attendance of members. Rails continued to ignore strike developments, changed little in price. Reactional declines with New York Central as the one conspicuous exception at a one point advance. Mexican petroleum made an initial gain of 2% points, the greater part of which was cancelled by a new participation in the oil fields of the types represented by Coco Cola, which rose almost 2 points, and Dupont at a gain of 4 points featured the miscellaneous issues. The more acute situation in Mexico was not responsible for the weakness in foreign exchanges with the German mark at the new mini-

**At Noon**  
The market lapsed into absolute stagnation soon after the opening. Sales during the first hour fell below 70,000 shares, the low record of the year. Commission houses were deserted and public interest was altogether lacking. Some leaders of the industrial group were not all quoted during the morning. The only popular issue to show any activity and strength was Studebaker which rose 1½ points. Early gains in Coca Cola, Iron Products and Dupont were extended, the latter advancing al-

most 12 points. Ontario and Western was the only heavy railway issue, declining 2½ points. An opening rate of five per cent for call money was soon reduced to 4½ per cent.

**Total Sales Small.**

Dullness was at low ebb in the final hour. Equipments and coppers hardened but U. S. Steel was under pressure. The closing was irregular. Trading in the stock market today was extremely apathetic. Many popular issues were not quoted at all. To-

tal sales, approximating 235,000 shares, were the smallest for a full session this year.

# WHEAT GIVEN PROTECTION IN NEW BILL

Senator McCumber Refers to Defeat as Senate Adopts His Provisions

Washington, July 3.—The senate was unable to hold a quorum today and was forced to recess until Wednesday after it had approved a tariff rate of five cents a pound on unshelled almonds.

Washington, July 3.—By a vote of 38 to 12 the senate approved Saturday a tariff of 30¢ a bushel on wheat.

Democratic leaders declared during the debate which preceded the vote that this rate would cost the American people \$101,000,000.

Senator McCumber, Republican, North Dakota, in charge of the measure, stating frankly the purpose of the rate was to keep above the world level the price of northern spring wheat from the Dakotas and Minnesota, and he did not think the tariff proposed would be carried on to the consumer, but even if it was it would not amount to two dollars a year to each consumer.

Minority leaders sweltered through a four hours fight against the wheat rate, talking most of the time to practically empty seats. Despite the fight, however, the minority split on the final vote, Senators Jones, of New Mexico and Kendrick of Wyoming voting with the solid Republican majority for the committee rate, which is an increase of five cents over the house rate, but a decrease of five cents from the existing emergency tariff duty.

**Rapid Progress**  
In defending the wheat duty from Democratic assaults, Senator McCumber made his first public reference to his defeat in the North Dakota primary.

"For 21 years and more," he said, "I have been fighting the battle for the interest of the farmers of my state. I think my efforts in holding up tariff rates have been worth millions of dollars in the years of my service to the people of my state. I shall close my labors still fighting their battles and still attempting to secure for them all that I can possibly secure by a tariff bill. I think the value of their products, and when I was the senate I hope to leave it with a good protection upon the wheat of the North Dakota farmer."

## M'CUMBER IN EXPLANATION OF HIS DEFEAT

(By the Associated Press)  
Washington, July 3.—Senator McCumber, Republican North Dakota, in a letter made public by him today ascribed his defeat for re-nomination in the North Dakota primary to "the bipartisan combination which had been made against me on the one side and the Nonpartisan organization, which I loyally supported, on my opponent."

Senator McCumber discussed his defeat and expressed appreciation for support given him in a letter to R. J. Hughes of Fargo, one of his campaign managers.

"During the past two months you have conducted a most strenuous campaign in my behalf," said Senator McCumber. "In the conduct of that campaign you have at all times maintained the highest standard of political ethics. Your course has been straight-forward and honorable and you have persistently avoided any character of abuse or misrepresentation of any opponent. I think you for that course."

"These two months were too short a period to overcome the poison that had been sowed broadcast for more than two years or to meet the bipartisan combination which had been made against me on the one side, and the Nonpartisan organization, which so loyally supported my opponent."

"I am taking this opportunity to express to you and to all my friends in the state who have so faithfully labored with you in my behalf, my great gratitude and my earnest and sincere thanks."

## PROFITEERS IN GERMANY DRIVE TRADE AWAY

Coblenz, July 3.—American and British tourists are flocking to the larger cities in the occupied areas of Germany in order to escape the high prices for living now leveled against Allied nationals in the interior of Germany.

Hundreds of visitors on their way to and from the Passion Play at Oberammergau are making their headquarters during their stay in Germany in this city, and reports from Cologne, occupied by the British and from Mayence and Wiesbaden, occupied by the French are to the same effect. In the occupied areas they are protected against profiteering by laws which prevent German traders from discriminating against Allied nationals.

Prices in the occupation zones, however, have taken a jump of about seventy-five percent since the mark went very low recently. All tourists returning from the interior are warning their friends not to place themselves at the mercy of the German profiteers who are charging visitors from 200 to 500 percent more than German nationals.

Rock-tail, a small island 250 miles north of Ireland, has sunk three feet in the last 33 years.

## MELLON BLAMED FOR DELAYING AID TO VETERANS

BY HARRY B. HUNT.

Chicago, July 3.—Official responsibility for the situation that has kept thousands of ex-service men in contract hospitals, and has barred other thousands from a chance to obtain hospitalization, is charged against Secretary of the Treasury Mellon by Colonel A. A. Sprague, chairman of the National Rehabilitation Committee of the American Legion.

"Brig. Gen. Sawyer and his Federal Board of Hospitalization constantly upset and unsettled the general hospital situation," Sprague explains. "But they could decide nothing, could order nothing."

"The responsibility for the location and building of hospitals under the original Langley bill, appropriating \$18,600,000, rested in the Treasury Department."

"The Treasury Department has failed to function in this matter, despite constant urging by officials of the American Legion and of the Veterans Bureau itself."

Sprague's position with respect to the Treasury Department's inaction has been made known directly to Mellon in emphatically worded letters, but to date there has been no response.

### Appeal to Mellon.

On May 1 Sprague wrote Mellon in an attempt to speed up the location of a hospital for tubercular veterans near New York.

"For more than a year," he wrote, "representatives of the American Legion and leading citizens of New York have been working to obtain proper hospital care of ex-service men suffering from tuberculosis who live in the metropolitan district of New York."

"Some months ago conditions became so bad that the very unsatisfactory tubercular hospital at Fox Hills was abandoned by the government, although no substitute had been provided."

"The fact is that today, almost a year and a half after the original appropriation was voted, no site has been selected in this district where there is a greater need for it than in any other district in the country. It is unbelievable that the Treasury Department will continue to permit further delays in this matter. The people who live in New York as well as the Rehabilitation Committee of the American Legion are indignant at these excusable delays and we feel that action should be definite and immediate."

### Second Appeal.

One June 16 he wrote again, thus: "On May 1 I wrote to you concerning certain matters, and for fear you have not received that letter I am enclosing a copy."

"I wrote this letter first, as chairman of the Rehabilitation Committee of the American Legion, but also as an ex-service man, as a citizen of the United States and as a taxpayer, and I feel that I am entitled to an answer from you."

"I am bold enough to think and believe that if you had visited the neuro-psychiatric and tubercular hospitals where the patients of the government have been and still are, you would feel that there was a duty even higher than the defeating of the bonus legislation or settling international finance, important as both matters are."

"This duty rests on you, and can not be disregarded, even though this work has now been transferred by executive order to the Veterans Bureau."

"There still remain the unbuild hospitals, provided for by congressional appropriations, and hospital projects where even the site is unselected."

"I shall await a reply from you with hopes and interest."

Colonel Sprague now says: "If it takes as long to get an answer from Mellon as it does to get a hospital located, I've still a long wait ahead."

The principle of the vacuum cleaner is being applied to unload coal, handle grain and other products in large quantities.

## Traffic Cop

Motorists have to obey Ruth Weinstein, New York school girl, who rushes into the street with this sign whenever the bell for fire drill rings.

COLONEL A. A. SPRAGUE

## SPRING WHEAT OUTLOOK GOOD

### Winter Rye on the Whole Continues Above Average

(By the Associated Press)  
Grand Forks, N. D., July 3.—Spring wheat was favorably affected by temperatures and the outlook continues promising over most of Montana, North and South Dakota and Minnesota, according to the general summary for the fifth regional crop district issued today by J. G. Diamond, statistician. "Some thin stands due to the semi-drouth condition in South Dakota have been reported," he says, "and weedy fields are causing some concern in North Dakota. The crop heading generally except in Montana, where it is reported two weeks late and needing rain in north-central localities. Winter wheat continues in generally satisfactory condition in Minnesota and Montana, where it is now mostly headed and with but few poor stands."

The summary also says that winter rye "on the whole continues above average and is approaching maturity under favorable conditions."

Harvest has started in South Dakota, and is about to start in Minnesota and will be under way in North Dakota by the middle of July.

Oats and barley have been damaged in southwestern Minnesota by lack of rains, and drouth has damaged oats in South Dakota. Hay crops range from good to excellent, with alfalfa and clover cuttings well under way.

## SUITS FILED ON POLICIES

Superior, Wis., July 3.—Notices of trial in five suits against insurance companies involving policies totaling \$55,000 in amount, were filed in district federal court here on behalf of Mrs. Leona Sallstad-Richardson by Cadigan and Cadigan, attorneys.

Mrs. Sallstad-Richardson is suing on policies on the death of her former husband Edward J. Sallstad, president and general manager of the Multiphone Company, Eau Claire, Wisconsin, who is alleged to have perished in a fire which destroyed his summer home at Lake Nebagamon August 27, 1920.

The opening day of the July term of federal court has been postponed from July 11 to August 28. The trial will be called soon after the latter date, lasting at least a week.

Attorneys for Mrs. Sallstad-Richardson and the defendant companies have signed a stipulation whereby all facts relating to the issuing of the policies involved in the suits is agreed upon with the exception of insufficiency of proof of death, which is now the only point at issue.

## DICKINSON TO KEEP OFFICE

Since congress recently passed a bill providing funds for the continuation of the United States Land office at Dickinson, it will not be combined with the federal land office in Bismarck. This information was contained in a communication to the local office by the general commissioner of land offices, William Spry, Saturday noon. Until that time it was thought that the Dickinson office might cease to exist as a separate office.

## 14 MEN ON SOO ARE OUT

There are 14 railroad men on strike on the Bismarck division of the Soo line, 11 of them at Bismarck and 3 at Wishek, according to reports from the railroad offices today. These were shop craft men employed at the two roundhouses. All members affected by the strike order went out, it was said by officials, who added that operation of the trains on the North and South Soo was not interfered with. Nine men who were affected had been laid off previously, it was said.

The 1922 baby costs nearly four times as much as his pre-war brother or sister.

The cost of a doctor's degree in a German university is now 600 marks, about \$6 at the present rate of exchange.

## CONCEDE N.P.'S WIN 2 PLACES

Nonpartisans and Independents Agree on Offices

(By the Associated Press)  
Fargo, N. D., July 3.—With 2,005 precincts of 2,134 in the state tabulated results of last Wednesday's primary election give for Republican nomination for United States senator:

Frazier (Nonpartisan), 85,889; McCumber, 78,961, and McHarg, 4,624. Nonpartisans and Independents agreed that state auditor and commissioner of insurance nominations (Republican), would go to Nonpartisans. The latter claim control of both houses of the state legislature—a claim which independents say is not borne out as far as the house is concerned.

The Nonpartisans also claim the three railroad commissioners, commissioner of agriculture, lieutenant governor and an even break for state treasurer and attorney general. Figures show that they may be right regarding the railroad commissioners.

J. F. T. O'Connor, Democratic nominee for United States senatorial nomination, expected to lead the anti-Nonpartisan fight for that office in the fall election, had 4,839 with 625 precincts reported while his opponent, Frank Hellstrom, had 1,368. No figures on the gubernatorial Republican race were available.

## INDEPENDENCE DAY OBSERVED

Rotarians Hold Short Celebration Day Ahead of Fourth

Fourth of July was fittingly celebrated at the Rotary luncheon club headquarters in the McKayside hotel this noon. E. J. Taylor gave a very interesting address upon Benjamin Franklin setting forth some of the characteristics not so well known. Instances in the character of this founder of the Republic were given and selections from his works read. He declared that Franklin was unique in the early history of the country because his life reached so far back into colonial days and yet he was so intimately connected with the founders of the Republic such as Washington, Jefferson, Hamilton and others.

President May of the Dickinson normal gave a brief talk. Barlow, Skeels conducted a guessing contest on quotations from the great men of history. Cecil Burton who now resides in New York, former city auditor and member of the school board, was a guest of honor. Dr. Rawlings was also a guest.

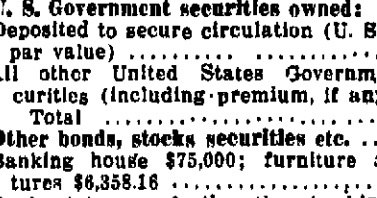

The Rotarians are planning a joint picnic at Lake Isabelle in the near future with the Jamestown Rotary club.

## JAPAN DENIES ANY EVASION

(By the Associated Press)  
Tokio, July 3.—The admiralty today issued a formal statement flatly denying reports that Japan was evading the Washington naval treaty by increasing construction of auxiliary vessels. The statement, which outlined the tentative auxiliary program, also announced that Port Arthur, taken from the Russians in the Russo-Japanese War, would be abandoned as a naval port.

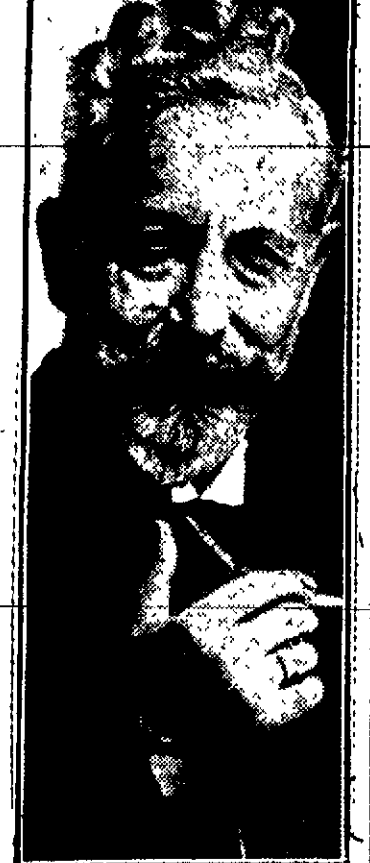

The English channel has been crossed by an English engineer on two floats propelled by man-power by means of a bicycle.

## Kaiser's Latest

Most recent picture of Kaiser Wilhelm of Hohenzollern, former German emperor, who is reported to have had a break with his son, the former crown prince.

## U. S. DEMANDS MURDERER BE APPREHENDED

(By the Associated Press)  
Washington, July 3.—Mrs. Thomas Cheney, the Mexican born wife of an American employed by an American company operating in the Tampico oil regions was killed by Mexican bandits June 29 when she recognized their leader, according to a report today to the state department from Consul Shaw at Tampico. As Mrs. Cheney is an American citizen by marriage the department made immediate representations to the Mexican government recommending that the murderer be apprehended and punished.

## SCANDINAVIAN COUNTRIES ARE OPTIMISTIC

Copenhagen, July 3.—Scandinavian commerce and industry have been passing through a critical period during the past 18 months, according to the newspaper Scandinavian, but today the outlook seems decidedly better. The competition of Central Europe, where starvation wages and paper money made low prices possible, has been severe. But this was a blessing in disguise, for it was instrumental in forcing down the abnormally high wages in Scandinavia. Although the number of unemployed in the Scandinavian countries (Norway, Sweden and Denmark), is still abnormally high, the situation is improving. Competition from Central Europe is no longer so formidable. German prices are in some cases higher than those of her competitors. Also the Scandinavian countries have come through the world war without the heavy state debts of the belligerents, which for the former means a smaller cost of production in manufactures.

The volume of gasoline that is lost at one stage of evaporation in the handling of crude oil is equal to one-third of the country's annual gasoline production.

## World-Famous Cruise on the Great Lakes

## U. S. DEMANDS MURDERER BE APPREHENDED

(By the Associated Press)  
Washington, July 3.—Mrs. Thomas Cheney, the Mexican born wife of an American employed by an American company operating in the Tampico oil regions was killed by Mexican bandits June 29 when she recognized their leader, according to a report today to the state department from Consul Shaw at Tampico. As Mrs. Cheney is an American citizen by marriage the department made immediate representations to the Mexican government recommending that the murderer be apprehended and punished.
